Tools & Technologies: Splunk, CrowdStrike Falcon, QRadar, Microsoft Defender, Microsoft Azure, AWS, Google Cloud Platform, Google SecOps, ServiceNow, Wiz, Docker, Metasploit, Burp Suite, Linux, Windows, Wireshark, Nmap, PowerShell

Languages: Portuguese (Native), English (Fluent), Spanish (Basic)

WORK EXPERIENCE

Cyber Florida

Tampa, FL

Security Analyst

Aug 2025 – Present

- Performed **digital forensics and incident response** investigations on **100+** escalated SIEM and IDS alerts, triaging, containing, and documenting findings in **under 1 hour**.
- Published **4 Threat Advisories** covering the BRICKSTORM APT intrusion campaign, Qilin ransomware, the BIG-IP Integrity vulnerability, and AI-Powered Cyber Threats, translating all-source intelligence into actionable reporting.
- Developed a **threat intelligence** automation initiative to ingest, prioritize, and cluster cyber news and vulnerability updates, improving research efficiency and supporting weekly Threat Advisories.

Qualcomm

San Diego, CA

Cybersecurity Intern (Cyber Investigations Team)

May 2025 – Aug 2025

- Designed and implemented a **client-agnostic secure file access system** using the Valet Key Pattern, applying temporary, permission-limited SAS tokens to enforce least-privilege access controls and automate secure file transfers.
- Developed **automated detection logic** and security rules in Wiz to monitor AI-related activity across cloud environments, improving visibility into AI resource usage and strengthening detection capabilities.
- Built a **Databricks** dashboard with SQL queries to assess device compliance with Zero Trust policies, restricting unauthorized network access, and improving policy enforcement.
- Organized and developed challenges for a company-wide **Capture the Flag (CTF)** competition for Security Awareness Month, engaging **50,000+** employees and strengthening security culture.

ReliaQuest

Tampa, FL

Security Operations Intern

Jun 2024 – Dec 2024

- Investigated and responded to **300+** security incidents in a high-volume **SOC environment**, maintaining a false positive rate under **20%** and improving efficiency and accuracy in threat detection.
- Executed real-time incident response support in a **24/7 Security Operations Center (SOC)**, identifying, triaging, and containing threats to strengthen organizational security.
- Researched and documented **emerging vulnerabilities and exploits**, providing threat intelligence insights in support of proactive defense strategies and risk mitigation.

LEADERSHIP & VOLUNTEER EXPERIENCE

WiCyS at the University of South Florida

Tampa, FL

Vice-President

Jan 2025 – May 2026

- Led the development of hands-on programs and national conference preparation, directly benefiting **250+** members and securing full sponsorship for **8** attendees to attend the WiCyS National Conference.
- Directed the planning and execution of **20+** events annually, including **technical workshops** and professional panels, increasing member engagement and enhancing professional development.
- Drove the organization to achieve the **Outstanding Student Organization Award** at the University of South Florida, recognizing excellence in impact, leadership, and engagement.

BRASA Connect

Tampa, FL

President

May 2025 – May 2026

- Led the largest Brazilian student-led conference in Florida, managing a **28-person** team across **7 functional teams**, and successfully engaging over **300** stakeholders, showcasing executive-level management and collaboration.
- Implemented effective **project management** processes that improve communication, resource allocation, and strategic decision-making, resulting in enhanced productivity and a **98%** satisfaction rate.
- Represented the organization externally, strengthening relationships with sponsors, universities, vendors, and media partners to ensure successful collaboration.
